

Work smarter. Work faster.

With Definitive Technology Group
and Zebra Technologies.

With your warehouse, fulfillment, and shipping operations facing rapidly increasing demand, literally every second counts. There's simply no time for inefficient workflows. To help your workforce keep up with every challenge, one of the most impactful changes you can make is to put the technology where they need it, no matter where their work takes them.

Mobile Workstation Carts from Definitive Technology Group (DTG) allow employees to easily move their technology tools wherever they go. Rugged, dependable workstations are engineered to fit current equipment and technology and easily adjust to future needs. Paired with the DTG advanced battery system and Zebra's innovative tablet computers and durable industrial printers, the DTG workstation eliminates unproductive movement and brings a new level of performance, mobility, and efficiency to your operations.

DTG and Zebra put technology at workers' fingertips.

- Puts technology right where workers need it
- Pairs with Zebra tablets and printers
- Eliminates unnecessary walk time between workstations
- Features durable, all-metal workstations
- Provides easy maneuverability with locking swivel casters
- Offers a height-adjustable, ergonomically designed work surface
- Includes hot-swappable battery system for uninterrupted productivity
- 24/7 Availability
- 100% Uptime
- 5 Year Warranty

Boost Productivity with Technology that Follows Workers Wherever They Go

When you combine Zebra Technologies' rugged tablets and industrial printers with mobile workstation carts from DTG, you give your warehouse, fulfillment, and shipping workers the ability to keep up with increasing demand. They'll move their technology tools wherever their work takes them, eliminating unnecessary steps from their workflows. Scan, print, and apply labels at point of task. Conduct inventory in real time. Reduce the time it takes to return products to inventory for new orders. Get more work done in less time than ever.

Zebra L10 Rugged Tablets

A VERSATILE RUGGED TABLET PLATFORM
RUGGED TO THE CORE

The Zebra L10 rugged platform offers a variety of configurations and a shared accessory ecosystem that sets a new standard in mobile workforce computing. From a conventional slate tablet and a tablet with a rigid-handle and built-in barcode reader option, to a 2-in-1 laptop/tablet with a full-featured keyboard, the Zebra L10 platform ensures your workers have the right computing tool for any job.

Zebra ZT400 Series Printers

RICH IN FEATURES AND CONNECTIVITY
OPTIONS

Constructed with an all-metal frame, Zebra's ZT400 Series printers offer durability for warehouse and manufacturing applications. A 4.3-inch full-color touch display with intuitive interface makes them easy to use and shows color-coded printer status alerts to help avoid unexpected slowdowns. Available in three print resolutions and two print widths for a broad array of applications.

Contact your Definitive Technology Group representative today to learn more about DTG's mobile workstation carts and Zebra technology solutions for warehouse and fulfillment operations.
