The **LAST** cart you will ever need to buy
may be the one that you already own

Think about it: *Your Nursing Operations is not at a standstill, so some number of carts must be working...right?*

Maybe they are not perfect today, but what if we **triaged** each cart and used all of the working components to **consolidate** the fleet?

Next, we add next-gen battery technology to make the consolidated fleet perfect...

That would save a lot of \$\$\$\$

Then, we introduce the NEW Definitive Medical Cart

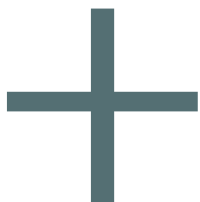

- Small Footprint: Lightweight & Maneuverable
- On-Demand Power: Immediately extend runtime
- 24/7 Availability
- Dramatically reduce hallway clutter
- Care for your patient... not your WOW!

- Minimize Break-Fix: Troubleshoot in <1 min
- Seamless Fleet management
- Power needs vary, adapt on the fly
- Free up your support team
- Problems Solved!

DEFINITIVE

TECHNOLOGY GROUP

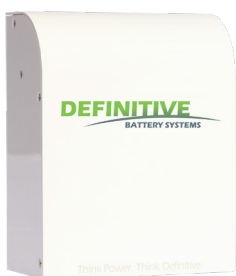

When we install next generation battery technology that eliminates downtime and waiting for batteries to recharge, this reduces the need to purchase and maintain up to 20% of the fleet.

20%

Fewer Carts to Maintain

Choose a *RUNTIME* that works for you

Fixed-Mounted Battery System

- Internal Capacity: 250-500 Watt-Hours
- Typical Runtime: 8-16 Hours (*Based on 30W load)
- Time to Recharge: 2-3 Hours

On-Demand Power

- Internal Capacity: 250 Watt-Hours
- On-Demand: 8+ hrs or extended runtime
- Time to Recharge: 2-3 Hours

Definitive Power

- 250-500 Watt-Hours
- Swap or Plug-in to Recharge: 24/7 Availability
- 3-minutes backup battery during hot-swap
- Innovative Design & Chemistry: No fans or Cobalt

Finally, a Service Program that *ELIMINATES* the *UNEXPECTED*

With **Definitive TotalCare**, your workstation related expenses are fixed for 10+ years. You will receive regular preventative maintenance and a 100% uptime guarantee. This optional service eliminates unexpected battery replacements, high-cost replacement parts and frees-up your IT Staff to focus on more important tasks.

TotalCare pays for itself through improvements in efficiency.
